

Dept of Electronics and Communication Engineering

National Conference on Emerging Trends

on

Information Communication and Computing.

March 7th and 8th, 2013

- The Dept. of ECE has conducted the 1st National Conference. This Conference has brought up a new standard and a lightening approach to the Dept Faculties and Students / Scholars.
- Papers of different discipline such as Signals, Communication and Computer Networks have been presented which gave the students to learn and understand new things which they didn't come through in their subject fields.
- Great people like Scientist from CVRDE, well established Professors from different colleges / Universities and persons with sound Industrial backgrounds have took part in the conference and gave more idealistic speech, which would have given high level of confidence to the Students / Scholars, who were participated and presented their papers.
- The release of Proceedings which is the Highlight of the Conference got more appreciation from all chief Personalities in and out of our University / Colleges.
- The Conference Proceedings comprises of 59 Papers (Signal Systems – 30, Computer Networks – 16, Communication – 13). All papers are published in IEEE format with ISBN No. Each proceeding paper has 4 – 7 pages and the total proceeding comes to 323 pages.
- The Conference Proceeding are copied and written in DVDs and issued to the participants.
- There were 3 important Sessions and in each Session nearly 10 – 12 papers have been presented which were neatly analyzed and judged by the Session Chairs.
- The Dept. has issued High Profile Certificates with ISBN No. for the students / scholars who participated and presented their Paper.
